Jerry,

Mike Jakes and I met with Laryngeal Mask Co Ltd as a prospective client in November of last year. When Ambu later retained the firm, a standard ethical wall was put in place. I am thus prohibited from any exposure to our representation of Ambu, any discussion of the case, etc.

It is the only case for which I am under an ethical wall.

John

John,

Do you have time today or tomorrow to discuss this new case with me? I know you are short on time, but I'd like to include you on this team.

Jerry

Hi Doreen,

We have a new litigation. It is for Ambu A/S (10464-8050). You should have seen the conflict that I sent around yesterday.

Can you put together a team? The case is already filed in the Southern District of California. Complaint is attached.

Please let me know who the team will be.

Thanks,
Bryan
